

# PERMANENTLY WATERPROOFS BETTER THAN ANY OF THE ALTERNATIVES.

## COMPANY STORY

Since 1974, **Duradek**® has been supplying North America's premier sheet vinyl pedestrian traffic membrane. Along with other PVC products, such as siding, windows and industrial roofing, **Duradek**® vinyl has gained wide acceptance in the construction industry as the ultimate in maintenance-free outdoor flooring. **Duradek**®'s factory engineered products and professional, detailed installation techniques have set new standards for waterproofing that works.

All **Duradek**® membranes are reinforced for multi-directional strength and stability, and have a textured finish for slip-resistance. To increase performance, the vinyl makeup includes mildew inhibitors along with ultra-violet and heat stabilizers. It is also fire-retardant and resistant to most chemicals. Attractive patterns, colors and textures provide a contemporary new look, previously unavailable in the outdoor waterproof flooring market.

**Duradek**® is continually researching, developing and testing new products and application techniques.

## PRODUCT STORY

**Duradek**®, THE ORIGINAL sheet vinyl membrane for waterproofing decks and balconies, was developed to solve leak problems over 30 years ago.

## HOW DURADEK® IS BETTER

- **Duradek**® is a pre-manufactured sheet, installed in one step—ready for immediate use. It can even be walked on during the installation process, meaning fewer tenant disruptions & vacancies.
- **Duradek**® can be successfully installed in any weather conditions.
- **Duradek**® is glued to almost any surface, even over cracks with minimal surface preparation.
- **Duradek**® requires no regular maintenance except cleaning.
- **Duradek**® can be purchased with varying degrees of non-slip surfaces.
- **Duradek**® is completely water proof and attractive.
- **Duradek**® dries quickly.
- **Duradek**® has a long life expectancy and can be re-coated in the future.
- Carpet can easily be installed over **Duradek**®.

## TRAINED INSTALLERS

**Duradek**® offers on-going classroom and video training to waterproofing contractors.

The **Duradek**® training is a combination of floor laying skills for appearance, and single ply roofing skills for water tightness. Thorough knowledge of adhesives, sealants, coatings, carpentry, and concrete restoration work are common traits of a **Duradek**® contractor.

All necessary components of the finished waterproof system are available from **Duradek**®. This includes the adhesives, sealants, all drains, scuppers and perimeter fastening devices.

All **Duradek**® products, when applied by a certified **Duradek**® contractor, are covered by written warranties. Terms are dependent upon product thickness.

### COMMERCIAL WATERPROOFING SOLUTIONS

The **Duradek**® System consists of a number of different types of sheet vinyl products, designed individually for many end uses.

All are textured PVC, laminated to a polyester reinforced fabric for additional strength. Available in an assortment of widths, thicknesses and textures, **Duradek**® vinyl membranes offer a wide range of waterproofing solutions in both residential and commercial construction.

Heavy duty vinyl membranes are perfect for use on roof decks.

Constructed of 60 mils of PVC resin, these products are capable of accepting heavy pedestrian traffic & extreme heat and ultra-violet conditions.

### RESIDENTIAL WATERPROOFING SOLUTIONS

The **Duradek**® System is unique in it's assortment of widths, thicknesses, patterns, colors and textures.

**Duradek**®'s rough textured materials offer excellent slip-resistance for safe footing on ramps and stairs. The smoother textures offer easy-to-care-for surfaces.

Lighter weight **Duradek**® vinyls offer cost-conscious solutions for deck and balcony surfaces not exposed to heavy traffic or extreme conditions. For roofdecks or surfaces requiring maximum protection heavy-duty (Ultra) sheet flooring is ideal.

New contemporary colors, textures and patterns offer the potential for complimentary or contrasting borders, and even custom design work.

**Duradek**® vinyl surfaces also work very well for interior applications. Indoor pool decks, hot tub areas, and even garage floors are enhanced by **Duradek**®'s waterproof, easy to clean surfaces.

### MAKE A CHOICE THAT LASTS

The **Duradek**® product line is available in a wide range of attractive colors, textures, patterns and thicknesses.

- Easy to maintain **Duradek**® means less work, more time to enjoy!
- **Duradek**®, the roof you can walk, sit, play and relax on.
- Professionally installed in one step, **Duradek**® is ready for immediate use.
